## DETAILED ACTION

1. This communication is in response to Applicant's amendment filed on July 31, 2007. Claims 1, 3, 4, 6-26 are pending in the application.

### ***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 3, 4 and 6-26 are rejected under 35 U.S.C. 102(b) as being anticipated by Volino US Patent No. 6,400,845 B1.

Claims 1, 3, 4 and 6-26, Volino discloses a method and corresponding system for processing a point-of-sale transaction at a merchant terminal, comprising the steps scanning a personal identification document corresponding to a customer requesting a financial service at a merchant terminal; generating a scanned image of the personal identification document; identifying character data in the scanned image; comparing the character data to a document template corresponding to the personal identification

document to generate customer data, mapping the character data using a document template to identify types of character data and assigning the character data as values for the identified types of character data to generate customer data used in processing the point-of-sale transaction, performing an optical character recognition process on the regions containing text to obtain customer data values, associating the customer data values with the definitions obtained from the template, and populating fields of a displayed form with the customer data values as claimed in claims 1, 3, 4 and 6-26 (abstract, figs. 2, 3, 5A, 6 and 10-12 and related text in the detailed description, and column 2, line 30 thru column 3).

### ***Response to Arguments***

3. Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a). A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then

the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
